Visitor Information

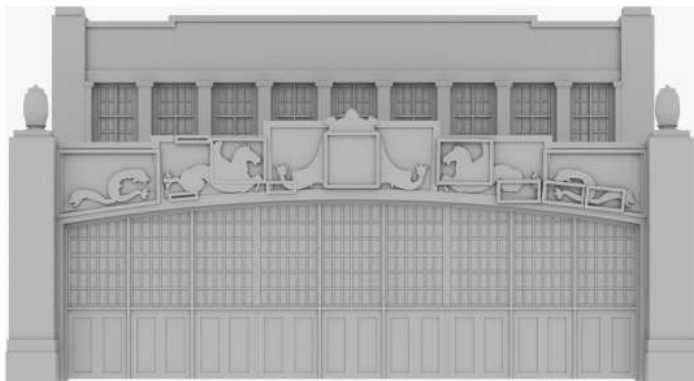

How's It Work?

Color & Light is a projection arts event featuring four newly commissioned works by international artists, plus juried Illuminate NJ pieces by regional artists.

The full program repeats every 30 minutes beginning at 9:00 PM. The countdown begins at 8:30.

Where's the Show?

All works are designed for the north side of the Grand Arcade at Convention Hall. The best view is from the boardwalk, with another good view from the beach.

What if it rains?

C&L is rain or shine! Come on down. If lightning is nearby, we'll ask everyone to take shelter and resume the same night once it's safe.

NARCOSIS

Glitch Prod

Charleroi, Belgium

A deep-sea descent transforms the facade into a mechanical submersible as pressure, oxygen loss, and electric visions dissolve reality into a hallucinatory trance.

ABOUT GLITCH PROD

Founded in Charleroi in 2019, Glitch Prod is a Belgian digital-art collective led by Fabien Nowak and Benoît Dal. The studio creates video mapping, immersive displays, stage visuals, and multimedia works.

SOUL WAKE!

The Fox, The Folks

Bandung, Indonesia

Spectral pirate musicians awaken within the architecture, driving a swashbuckling journey of neon phantoms, kinetic patterns, and sound-reactive color.

ABOUT THE FOX, THE FOLKS

This Bandung-based multimedia team specializes in 2D storytelling across animation, video mapping, and live performance. Its honors include the Grand Prize and Audience Award at Tokyo's 2021 One Minute Projection Mapping Competition.

MIDNIGHT SIDESHOW

Elektrick.me

Sofia, Bulgaria

A high-octane modern circus brings gentle giants, living playing cards, and gravity-defying wonders to life in a vivid vintage sideshow.

ABOUT ELEKTRICK.ME

Elektrick.me began in Sofia in 2010 as a collective of VJs and DJs. Today its artists create 3D mapping, motion graphics, stage design, and interactive audiovisual experiences.

LEGENDS OF ASBURY PARK

Maxin10sity

Budapest, Hungary

Beachside mysteries, nostalgic boardwalk imagery, and musical history weave together in a tribute to the people and moments that shaped Asbury Park.

ABOUT MAXIN10SITY

Maxin10sity is a Budapest-based studio known for large-scale architectural projection mapping. Its international work transforms buildings, objects, and stages into vivid story-driven spectacles.
